**Internal Quality Assurance Cell (IQAC)**  
**Academic and Administrative Audit (AAA) Report**

Assessment Years: 2014 – 2015

The qualitative analysis of the entire institute has been carried out and observed that the institutional facilities are excellent and blessed with a supportive and visionary management to fulfil all the needs of the organisation. The committee has observed that the institute can focus upon the research activities more and motivate faculty to enrol for the Ph.D. degree. The institute must apply for the NBA accreditation and try to attain all the certifications to match the standards with the peer institutes. The laboratories are well-equipped with all the facilities available even for the research activities. The institute must try to have Industry-Institute linkages as well as MoUs need for the enhancement. The placement department needs to give more placement opportunity for the students.

This academic year the institute has 32 Journal/ Conference Papers indexed in reputed publications and has conducted sponsored events such as 04 FDPs, 11 Workshops, 11 Seminars for students and faculty members. The introduction of Internal Quality Assurance Cell (IQAC) has been a good step from the institute point of view which will constantly monitor and evaluate the performance. All the departments have well maintained the ISO standards with all the necessary documentation.
